Whether in black cowhide with water proofing or in robust nylon fabric with a hint of Bouclé: the Kobold Laptop bag's extravagant contour will surely attract a great deal of attention. The main pocket has a 2-way zipper and offers a spacious storage room for documents and an inner compartment with additional zipper covering the complete width, 3 separate inserts for cell phone, business cards and calculator, 2 loops for pens, and a carabine hook to hold keys. An extending fold is held together by hidden magnets and opens up – lined in bright yellow – only if required. Size: 39 x 33 x 15,5 cm (W x H x D).

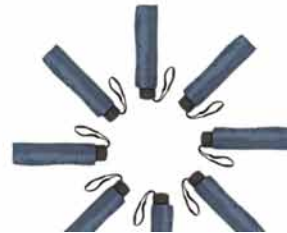

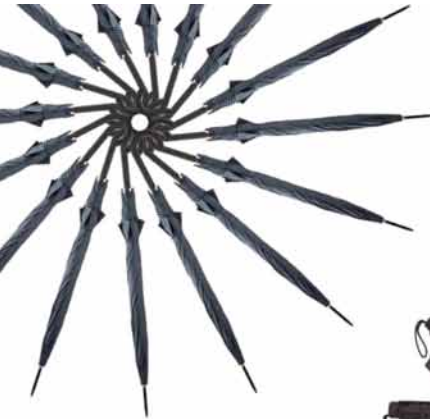

kobold® Laptop-Tasche „Portrait“
